Herpetology Camp

This popular, weeklong nature camp has the inquisitive child in mind. Campers will explore the fascinating world of amphibians and reptiles side-by-side with herpetologist George L. Heinrich. Through up-close encounters with a variety of animals, such as gopher tortoises, frogs, lizards, and snakes, campers will learn about the ecology and conservation of amphibians and reptiles.

Wildlife Ecology Camp

This summer camp is designed for children with a strong interest in nature. Campers will explore the ecology and conservation of Florida's wildlife and wildlands with field biologist and environmental educator George L. Heinrich. A blend of classroom and field sessions will include hands-on activities, guest presentations, and exploration of the preserve's diverse habitats, where campers will practice their nature detective skills.

How to register

Print out and complete registration and liability release forms provided on the next page. Return via U.S. Postal Service along with a check or money order made out to "George L. Heinrich" for the appropriate amount. We cannot accept cash or credit cards. Once the completed paperwork and payment has been received, we will provide a confirmation and other information via e-mail. Please note that no reservations will be accepted and that registrations cannot be processed unless the completed paperwork and full payment has been received.

Cancellation policy

All cancellation requests must be received in writing via U.S. Postal Service or e-mail and be postmarked at least ten days prior to the start of camp. No refunds will be made for cancellations received after that date. A \$25.00 handling fee will be charged for all processed refunds.
